General Bureau of Investigation
United States Department of Justice

San Francisco, California
June 2, 1942

Director
Federal Bureau of Investigation
Washington, D. C.

Dear Sir:

Please be advised that Mr. EDWARD SMITH of the Department of Justice, in San Francisco today did not call upon me personally but called me by telephone about five o'clock this evening, advising that he had just heard from his office that there was to be a declaration of war against Bulgaria, Rumania and Hungary and that he would have to immediately fly back to Washington.

He stated that he was sorry that he had been unable to see me personally, but that he and Mr. JAMES ROSS, the Assistant to the Attorney General would be out in San Francisco in about a month when the U. S. Attorneys have their conference, and that he and Mr. ROSS would look me up at that time. He extended the personal greetings of Mr. ROSS to me.

Mr. SMITH stated that he wanted to tell me what he had done here today. He stated that he had talked to General John L. DeWitt who had explained the military situation. Mr. SMITH said that the General felt that all persons picked up here should be held.

He stated that he had called to the General's attention the first three cases of Italians who had been picked up for curfew violation. He did not mention names nor where they had been picked up, but stated that two had been women who were wives of men in the service. He stated that he had pointed out to General DeWitt that the Department wanted to go along, but in cases like this where they were trivial, they wanted to reserve the discretion in someone who could pass on whether that type of individual should be held. He stated that the discretion was going to be left with the U. S. Attorney who would call the Army and clear with them. They were going to call Colonel EARL REYNOLDS' office before they release an individual if they felt that he should be released, in order that the Army might make its objections if it so desired. He stated that while the present military situation existed, there would be strict enforcement of curfew, but that it was his view that discretion should be used in the picking up of women. I of course, made no comments during this whole dissertation by Mr. SMITH.

He then brought up the problem of individuals being apprehended at some distance from the U. S. Attorney, and the problem of bringing them in for a hearing before the U. S. Attorney. He stated that the Immigration authorities claim that they have no personnel to handle it, and that we were too busy to handle it. I pointed out to Mr. SMITH that it had not

22 JUN.

been the practice of this Bureau to transport prisoners except in exceptional cases. He stated that he was going to take the matter up when he got back to Washington, and undoubtedly would work something out so that Immigration would have personnel sufficient to handle the transportation of these persons held for them.

He stated that Mr. I. F. WIXON in Charge of Immigration and Naturalization at San Francisco had stated that one GIUSEPPE MILTRACCO, an alien had been arrested last night for drunken driving, and that an agent of this office had had the drunken driving changed to curfew violation. I stated that if he was a curfew violator, we would book him as a curfew violator. I have checked up on this matter, and the facts are these: GIUSEPPE MILTRACCO, an alien was arrested at 2:40 AM, 6/1/42 by the California Highway Patrol and placed in the Monterey County Jail at Salinas, California on a drunken driving charge. Inasmuch as he was also in violation of curfew regulations, Special Agent J. F. GLASSON who was informed of the arrest, talked to Assistant U. S. Attorney HAMMACK by telephone, and Mr. HAMMACK authorized the booking of subject to Immigration and Naturalization Service as a curfew violator. As a result of this authorization, the booking was changed at the Jail at 10 AM on 6/1/42. Subsequently, Special Agent M. R. SCHONFELD was in telephonic communication with Inspector JACKSON of Immigration and Naturalization Service, who expressed the belief that subject might be released after being brought to San Francisco for a hearing before the U. S. Attorney, but agreed to transport him to San Francisco for the hearing.

It is quite apparent to me that the Immigration authorities in this case were seeking to avoid bringing the subject from Salinas which is over 100 miles to San Francisco, even though he had been booked enroute to Immigration by instruction of the U. S. Attorney. They undoubtedly were trying to build up a story for Mr. ENNIS so that they could duck the handling of this type of case.

Mr. ENNIS used this case to raise the point that the Federal authorities are too busy to handle local crimes on the basis of curfew violations. I pointed out to Mr. ENNIS that my understanding was that a curfew violation was Federal and not local, and that the State or local authorities could not handle it. Mr. ENNIS pointed out that what he had in mind was that when an individual had committed an offense which could be handled under the State, where the State could prosecute for some type of violation or other, that they should do so; that he didn't feel that the Federal Government should be handling petty local stuff through the use of curfew, that the Federal Government had too much to do. I mentioned that local officers undoubtedly were following the General's request, that any alien found out after hours should be held as a curfew violator. He stated that he would take this up with the General when he gets back to Washington, as he does not want to go too far on these curfew matters. He reiterated that he did not feel that every offense of an alien was to be handled as a curfew violation even though he was a curfew violator.

Director
Page 3

I had occasion to talk to General DeWitt a few minutes after I talked to Mr. ENNIS, and General DeWitt mentioned that Mr. ENNIS had been out to see him, and that Mr. ENNIS had said that he had made a mistake in not coming out before, in order to realize what the situation was.

General DeWitt stated that he had settled the whole thing with him and had put it all in black and white. He said that a copy would be made available to me, and I shall furnish the Bureau a copy immediately upon receipt of same.

The General said that he had had a discussion with Mr. ENNIS about the holding of aliens for any type of violation and that Mr. ENNIS asked if the General meant for the duration, and the General said that was just what he meant. The General said that Mr. ENNIS squirmed quite a bit, and Mr. ENNIS admitted that the President had told the Attorney General that the General was to have what he wanted, and the General said that he was going to have what he wanted. He told me in his own inimitable, emphatic way that he intended to have what he wanted on this thing, and that ENNIS had not only put it down in writing that he could have it, but that ENNIS better see that he got it because the President was giving the orders.

The General was obviously not concerned about the intimation that Mr. ENNIS had given me that he was going to try to hedge on the present instructions.

Very truly yours,

Re: FIELD DIVISION ARREST REGISTER
ALIEN ENEMY CONTROL

Dear Sir:

The Field Division Arrest Register transmitted with your letter dated June 27, 1942, records the apprehension of various Japanese and Italian individuals who were apprehended by local law enforcement agencies and subsequently released by the United States Attorney. A review of the investigative reports with respect to these individuals indicates that in each case the subject was apprehended by a local law enforcement agency as a curfew violator and after an interview with the subject by a Bureau Agent, the facts were telephonically communicated to the United States Attorney, who instructed that the subject be released. The apprehension of these individuals, therefore, should not have been recorded on the Arrest Register inasmuch as the apprehensions had not been authorized by the United States Attorney, nor were the subjects in Federal custody.

In response to your letter of May 4, 1942, requesting to be advised whether information pertaining to the arrest of curfew violators should be recorded on the Field Division Arrest Register, you were advised by letter dated June 3, 1942, that such information should be recorded on the Arrest Register in those cases where the apprehension was effected under conditions which were subsequently set forth in Section (K), Bureau Bulletin No. 36, dated June 10, 1942. The individuals in question were not apprehended under the circumstances set forth in Bureau letter of June 3, 1942, and should not have been reported as Bureau apprehensions.

You are instructed, therefore, to delete the names of the individuals listed below from the Arrest Register maintained by your Office as well as any Mr. E. A. Ottem individuals who were apprehended under the same circumstances and whose apprehensions were reported on the Arrest Register. In the event additional deletions are made, the Bureau should be advised.

Re: FIELD DIVISION ARREST REGISTER
ALIEN ENEMY CONTROL

Dear Sir:

Enclosed are the Weekly Arrest Register forms for the Japanese, German, and Italian nationalities of the San Francisco Field Division.

Inasmuch as instructions were recently issued to this office to the effect that curfew violators should be included on this register, numerous additions will be noted. A weekly report was not submitted last week because the registers were in the process of revision. The next weekly report will be sent to the Bureau on July 4th.

Part of the additions to the German register have been placed on the permanent register form in order to eliminate unnecessary copying at the Bureau. The two sheets recording the arrests from serial number SF G 151 through 198 may be used as a part of the Bureau's permanent register.

Also in connection with the German register, it is to be noted that the serial numbers SF G 145 through 148 were erroneously assigned twice in prior weekly reports. These numbers have been assigned as follows:

SF G 135 - Ernest Frank, w.a. Ernest Stopack
136 - Herbert Hugo Scott
137 - Gertrude Marie Schmidt
138 - Felix August Piltz

The other names which were also assigned these numbers appear on the weekly register form. They have been assigned numbers 145 through 148.

MEMORANDUM FOR THE DIRECTOR

While talking with Mr. Pieper, I inquired whether he had learned how General DeWitt treated Ennis of the Department upon the occasion of Ennis' visit to the West Coast.

Mr. Pieper stated that he had written a long letter to the Bureau concerning Ennis' visit. Mr. Pieper's letter is attached hereto.

General DeWitt advised Pieper that he had made Ennis "put everything down in black and white." Ennis indicated to General DeWitt that he, Ennis, had made a mistake by not visiting the West Coast before this time to which the General readily agreed. The General advised Ennis what he wants with respect to the curfew regulations and Ennis brought up ~~the~~ three cases wherein curfew violators had been arrested. General DeWitt pointed out to Ennis that these three cases were violations. The General in a subsequent conversation with Pieper stated that Ennis now has his orders and that Ennis is going to follow them, since Ennis has indicated to DeWitt that Ennis will go right down the line with the Army. However, in a subsequent telephone conversation with Pieper, Ennis indicated he would hedge somewhat in carrying out General DeWitt's wishes.

Pieper subsequently mentioned this statement of Ennis to General DeWitt who stated he was not afraid Ennis would renig because Ennis knows what he has to do and the General will see that he does it. Pieper stated that Ennis' reception by DeWitt was somewhat cool because the General had been forewarned of Ennis' arrival on the Coast.

Mr. Pieper stated that Ennis had raised the problem of transporting prisoners and that he had advised Ennis the Bureau to his knowledge had never adopted a policy of transporting prisoners nor had the Bureau followed such a practice in the curfew and Immigration cases. The Immigration authorities had given Ennis an example to illustrate the present difficulty and Ennis called this case to Pieper's attention. Mr. Pieper stated that the facts in the so-called typical case as related by Ennis were incorrect and that the true version is set forth in his letter to the Bureau.

Mr. Pieper stated that Ennis had raised the problem of transporting prisoners and that he had advised Ennis the Bureau to his knowledge had never adopted a policy of transporting prisoners nor had the Bureau followed such a practice in the curfew and Immigration cases. The Immigration authorities had given Ennis an example to illustrate the present difficulty and Ennis called this case to Pieper's attention. Mr. Pieper stated that the facts in the so-called typical case as related by Ennis were incorrect and that the true version is set forth in his letter to the Bureau.

With reference to Ennis' statement to Pieper that he, Ennis, intends to hedge on his agreement with General DeWitt, Ennis indicated that he did not see the need for such strict attention to enforcement of the various regulations although he stated strict enforcement would be effected on the Coast during the present emergency. Ennis indicated he expected to relax somewhat when he returns to Washington.

Ennis stated with reference to the curfew violators that someone should have a certain amount of discretion and that the United States Attorneys would retain the discretion in dealing with the various cases. Ennis stated that General DeWitt is in agreement with this plan. Mr. Pieper advised there has never been any controversy upon this point. Ennis stated that in cases where the United States Attorney decides to release a subject, clearance will be first obtained from the Army, and arrangements were set up whereby Colonel Bendetson will be notified when a prisoner's release is proposed so that clearance will come through him.

General DeWitt will make available to Pieper a copy of the memorandum drawn up by Bendetson which Ennis signed.

Pieper did not spend any time with Ennis, who indicated he had to go back to Washington immediately.

Memorandum Between War and Justice Departments on
Enforcement of Contraband, Curfew and Travel Regulations
in the Western Defense Command.

On June 2, 1942, Lieutenant General DeWitt, Colonel Bendetsen and Mr. Ennis of the Department of Justice conferred on the enforcement of the contraband, residence, curfew and travel regulations in force in the Western Defense Command and on enforcement of exclusion orders and certain other related subjects. General DeWitt stated that during the present military situation, which he explained to Mr. Ennis, he wished a strict enforcement of the regulations. Mr. Ennis explained that at the orders of the President after consultation with General Marshal, the United States Attorneys were, since May 27, operating under instructions which prohibited them from releasing any person apprehended for violation of the instructions even though the circumstances involving the apprehension of several persons since these instructions went into effect were such that the United States Attorney, if he had discretion, would direct the release of the person detained as a case involving no violation or an excusable violation. General DeWitt agreed that even strict enforcement permitted the exercise of some discretion and requested, however, that for the present, release in the discretion of the United States Attorney should be after consultation with the War Department officials. Thereupon the following was agreed:

During the present military situation, and until termination after consultation between representatives of the War and Justice Departments, all U. S. Attorneys in the Western Defense Command will order the apprehension and detention of all persons violating contraband, residence, curfew, travel, prohibited zones and exclusion regulations, or of any other person, citizen or alien, whose activities are deemed by War Department to be dangerous to the security of the nation, and will consult duly designated representatives of the War Department before releasing any such persons.

By the use of the term War Department herein, is meant the War Department through Commanding General, Western Defense Command.

Dated at San Francisco, California, this 2nd day of June, 1942.

Re: FIELD DIVISION ARREST REGISTER
ALIEN ENEMY CONTROL

Dear Sir:

Reference is made to your letters dated May 4, and May 19, 1942, in which you advised that your office is not including information on the Arrest Registers submitted by your office, concerning the arrest of curfew violators, pending instructions from the Bureau.

You are advised that you should report information on the Field Division Arrest Registers concerning the apprehension of curfew violators where the apprehension was effected under the following situations:

- (1) Where the subject is apprehended by a Bureau Agent or by a local law enforcement officer at the direction of a Bureau representative on,
 - (a) the basis of a Presidential Warrant
 - (b) the authorization of the United States Attorney
 - (c) pursuant to the execution of an Executive Search Warrant
 - (d) pursuant to the execution of an Executive Warrant for the Apprehension of Alien Enemy and Seizure of Prohibited Articles.
- (2) Where the subject has been apprehended by local law enforcement officers and the facts have been referred to you, whereupon you consult the United States Attorney and at his direction, you authorize the local law enforcement agency to hold the subject for the Immigration and Naturalization Service.

where an individual has been arrested by local law enforcement officers and after the facts in the case have been presented to the United States Attorney, a Bureau representative takes the subject before the United States Attorney for a hearing.

In the latter two instances, the final opinion of the United States Attorney as to whether or not the subject should be released does not affect your reporting the arrest. In each of those instances where subjects are ordered released, you would show on the Arrest Register in the

You should not report information on the Field Division Arrest Registers concerning those individuals apprehended upon a warrant issued upon an authorized complaint filed pursuant to Public Law #503, 77th Congress, approved March 21, 1942. Cases may occur in which an individual was apprehended as a dangerous enemy alien or as a curfew violator under one of the situations outlined in paragraph two above, and at a later date criminal proceedings are instituted under Public Law #503. In such cases the apprehension would have been reported on the Arrest Register and it would then become necessary to report the transfer to the United States Marshal or other appropriate disposition on the Arrest Register.

RECORDED

JUN -5 1942

MEMORANDUM FOR THE ATTORNEY GENERAL

I wish to direct your attention to the difficulties being encountered on the West Coast due to the lack of authority for a Federal agency to transfer alien enemies upon apprehension to the detention facilities of the Immigration and Naturalization Service.

You will recall that authority for the temporary custody of alien enemies apprehended is placed in the Immigration and Naturalization Service. However, on June 2, 1942, Major Lemuel B. Schofield telephonically informed that the Immigration and Naturalization Service has no authority to transport alien enemies from the place of apprehension to the detention facilities of the Immigration and Naturalization Service. This matter was discussed with the United States Marshals on the West Coast and they know of no provision which would allow them to accept alien enemies for transportation to the detention facilities of the Immigration and Naturalization Service. This Bureau does not have the time, personnel, or funds to undertake such transportation.

In view of the above, I am of the opinion that U. S. Marshals should be granted authority to transport alien enemies subsequent to their apprehension by this Bureau to the detention facilities of the Immigration and Naturalization Service. It is suggested that you may desire to issue appropriate instructions to the U. S. Marshals to this effect.

I would appreciate being advised in this matter.

Respectfully,

John Edgar Hoover

With reference to Ennis' statement to Pieper that he, Ennis, intends to hedge on his agreement with General DeWitt, Ennis indicated that he did not see the need for such strict attention to enforcement of the various regulations although he stated strict enforcement would be effected on the Coast during the present emergency. Ennis indicated he expected to renig somewhat when he returns to Washington.

Ennis stated with reference to the curfew violators that someone should have a certain amount of discretion and that the United States Attorneys would retain the discretion in dealing with the various cases. Ennis stated that General DeWitt is in agreement with this plan. Mr. Pieper advised there has never been any controversy upon this point. Ennis stated that in cases where the United States Attorney decides to release a subject, clearance will be first obtained from the Army, and arrangements were set up whereby Colonel Bendetson will be notified when a prisoner's release is proposed so that clearance will come through him.

General DeWitt will make available to Pieper a copy of the memorandum drawn up by Bendetson which Ennis signed.

Pieper did not spend any time with Ennis, who indicated he had to go back to Washington immediately.

Respectfully,

Edward A. Tamm

He stated he had entered the United States November 26, 1937 at New York City aboard the S.S. New York. This individual declared that he had also been known as "DOC". He declared that he had applied for first citizenship papers, receiving his first papers in February 1929 at Patterson, New Jersey and that he had filed petition for naturalization June 29, 1938 at Reno, Nevada.

STOELTING admitted that he had been arrested at San Francisco, California March 1, 1940 for violation of the California Store Wage Act. Disposition of this case was given as 10 days and one year probation.

Miss ALICE HOOVER, Consolidated Files Unit, Bureau of Immigration and Naturalization, made available the Consolidated file #3202 on this person from which the following information was obtained. Under the name of THOMAS STOLTING he applied for quota immigration visa September 28, 1928 at Cologne, Germany. He intended to enter the United States and to join a relative named FRED BASSE at 27 Thomas Street, Albion Place, Clifton, New Jersey. He held German passport #260 and he was issued German immigration visa #26909 on October 21, 1928. He entered the United States at New York

November 25, 1928 on the S.S. Columbus.

On February 1, 1937, under the name of THOMAS STOLTING, this individual applied for a re-entry permit application #1126102, giving his address as 1817 Brush Street, Oakland, California. He gave the address of FRED CASSE as Patterson, New Jersey upon his application. He declared his occupation as "mining in Nevada". He proposed to leave the United States from New York in February, 1937 for the purpose of seeing his mother in Germany. Permit was issued to him on 2/1/37 and he returned to the United States at New York on 5/28/37 aboard the S.S. New York.

Under the name of THOMAS STOLTING he filed Declaration of Intention #30668 in Court of Common Pleas, Passaic County, New Jersey on January 10, 1929, giving his address as 33 Thomas Street, Clifton, New Jersey. Correspondence file regarding this person, file #55869/831, reflects that a warrant of arrest for this alien was requested on March 6, 1935 regarding his right to remain in the United States. No warrant was ever served, however, as his legal entry was verified and it was shown that he had an unexpired immigration visa upon entry. At a hearing held at Salt Lake City, Utah, March 4, 1935, STOLTING stated that his residence was 127 or 129 Lincoln Street, Salt Lake City, Utah. He had married KARLINE WINTER at Salt Lake City October 6, 1934 and had previously been married to VIOLA WEBSTER of Stamford, Connecticut, having obtained a divorce in Reno, Nevada on September 28, 1934 in Judge MORAN's court. At the hearing STOLTING further stated that he was separated from his present wife and that he was staying with an alleged second cousin of persons whom he had resided with. Her name was BLOSSOM PORTER. The file reflects that she was married and was then getting a divorce.

At another hearing held March 6, 1935 at Salt Lake City, it was shown that one Professor A. G. ACKERMANN, address Kolnerstr. #87, Bad Godesburg, Germany, addressed a letter to the American Government under date of 5/16/37 which letter reflects that subject was supposed to be residing at Gerlach, Nevada and had been in Germany from 1/29/37 to 5/20/37. While he was in Germany he was guilty of a number of swindles and was sought by the police department of Cologne, Germany. Although he had already applied for citizenship in the United States he also applied for a certificate of citizenship of Germany at Hadenar, Germany, which was the residence of his mother. It was further stated that he had applied for a Government position there.

On September 27, 1937 the Immigration and Naturalization Service requested that inquiry regarding above statements be made through the appropriate

consul in Germany and on 11/30/37 the State Department replied that investigation by a consulate had brought the following information from the police department of Cologne: Professor Doctor A. G. ACKERMANN had a daughter whom subject started wooing in February, 1937 and with whom he broke off connections in May, 1937. Dr. ACKERMANN reported subject for fraud on May 24, 1937 at which time STOELTING had already departed for the United States. It was claimed that through Dr. STOELTING, ACKERMANN had suffered the loss of about 400 marks and one Mr. ARTHOLT of Arnstadt, Germany, had lost about 67 marks.

Since a charge of fraud was pending against STOELTING in Germany, the Immigration and Naturalization Service, in order to determine whether STOELTING was eligible for deportation started the investigation. It was recommended that it be determined if he had ever been convicted of a crime involving moral turpitude prior to his entry into the United States. It was determined that the pending case against him in Germany had been abandoned since he was no longer there and no actual charge was made or conviction entered against him.

The file reflects the names of STOELTING's parents as AGNES and FRITZ. Alien registration form gives the following description:

Height	5' 7"
Weight	184 pounds

Subject: ALIEN ARREST REGISTER - GERMAN

Reference is made to the weekly arrest register of German aliens apprehended for the week ending October 10, 1942, transmitted with your letter dated November 2, 1942. This register reflects the apprehension of Lena Louise Moos, Serial No. G-289, on October 2, 1942.

Reference is also made to the report of Special Agent Otho A. Ezell, San Francisco, California, dated October 3, 1942, entitled, "Lena Louise Moos, nee Lena Louise Parma, Internal Security - I, Alien Enemy Control, Curfew Violator", which reflects that the subject is an Italian alien and was born at Chiavan, Province of Genoa, Italy. It appears, therefore, that the apprehension of this individual should be recorded on the arrest register of Italian aliens apprehended, and you are requested to make appropriate entries on the arrest registers maintained by your office and to reassign arrest serial No. G-289.

The Bureau desires to be advised when this correction has been made on the records of your office.

MEMORANDUM FOR MR. LADD

Re: APPREHENSIONS OF CURFEW VIOLATORS
SAN FRANCISCO OFFICE

The Field Division Arrest Register of Japanese and Italian individuals submitted by the San Francisco Office for the week of June 27, 1942, recorded the apprehensions of various individuals in March, April, and May, 1942, by local law enforcement agencies who were subsequently released on the authority of the United States Attorney. A review of the investigative reports subsequently received with respect to these apprehensions reflects that in a number of cases the subject was apprehended by a local law enforcement officer for a violation of curfew regulations following which the San Francisco Office was immediately advised. The individual was then interviewed by a Bureau Agent, who telephonically furnished the facts in the case to the United States Attorney, who directed that the individual be released.

The San Francisco Office was advised by letter dated June 3, 1942, that the apprehension of curfew violators should be recorded on the Field Division Arrest Register when the apprehension was made on the authority of the United States Attorney, or in those cases where the apprehension was made by a local law enforcement officer and the United States Attorney authorized a Bureau Agent to bring the subject to the Office of the United States Attorney for a hearing, or where the United States Attorney directed that the subject be held for the action of the Alien Enemy Hearing Board. These instructions were subsequently incorporated in Section K, Bureau Bulletin No. 36, dated June 10, 1942.

ACTION TO BE TAKEN:

In view of the fact that a number of the apprehensions recorded on the San Francisco Arrest Register were not apprehended in accordance with these instructions, the apprehension statistics for the San Francisco Office will be reduced accordingly on the next monthly report. A letter to San Francisco listing the individuals to be deleted from the Arrest Register of that Office is attached.

Dear Sir:

Reference is made to your letter of September 16, 1942, setting forth the contents of a memorandum submitted on September 11, 1942, by Special Agent R. C. Re: INDIVIDUAL EXCLUSION ORDERS

Dear Sir:

I am incorporating herein as follows the contents of a memorandum dated September 11, 1942 submitted by Special Agent R. C. Taylor of this office:

"On 9/11/42 Special Agent E. J. Foltz advised that he received a telephone call from a Major COOK at the Judge Advocate General's Office, Fourth Army, Presidio, in which Major COOK requested that he be furnished with a memorandum summary by this office concerning the history and background of the German-American Bund. Agent Foltz discussed the matter with the writer.

"The writer contacted Major Cook to determine the reason for his request. Major Cook stated that with regard to a number of individuals who have been heard by the Individual Exclusion Board, the Army contemplates recommending to the War Department that the Department of Justice be requested to conduct denaturalization proceedings concerning these persons. COOK said that in some instances the persons had been members of the German-American Bund and he desired a memorandum from this office explaining the background of the organization so that the War Department would be in a better position to understand the reason for the recommendation of denaturalization.

"Major Cook was advised that this office is authorized to furnish such information only through G-2 and it was suggested to Major Cook that if he desired such information, he could probably obtain it from the files of G-2 without requesting it from this office. It was also suggested to him that prior to making any recommendations regarding denaturalization, it would be advisable to check with this office since denaturalization proceedings might actually be pending or in investigation. He agreed that this should be done. He was informed, as a matter of possible interest to him, that with regard to aliens, the Attorney General has already indicated that membership in the German-American Bund is sufficient grounds for the issuance of an executive warrant.

RE: FIELD DIVISION ARREST REGISTER
INTERNAL SECURITY
ALIEN ENEMY CONTROL

Dear Sir:

Reference is made to your letter dated February 3, 1943, re Alien Statistics; Internal Security - G, J, I; Alien Enemy Control, San Francisco file number 100-10397, reporting the total number of apprehensions by your office under the Alien Enemy Control Program.

It is noted that you report the apprehension of 627 Japanese aliens and 26 citizens of Japanese origin, a total of 653 apprehensions although the Field Division Arrest Registers submitted by your office reflect the apprehension of 617 Japanese aliens and 12 United States citizens or a total of 629 apprehensions. In this connection your attention is directed to Bureau letter dated October 13, 1942, in the above captioned matter in which you were instructed to delete the names of 18 Japanese individuals, including 4 aliens and 14 United States citizens, previously reported on your Arrest Registers who should not have been reported as Bureau apprehensions. In the event you have not made the necessary corrections on the Arrest Register of your office you should do so immediately.

You are informed that arrest serial number J-645 was the last arrest number assigned by your office according to the Arrest Registers of Japanese individuals apprehended received at the Bureau, which number when decreased by 18, the number of apprehensions deleted from the Arrest Register, leaves a total of 627 apprehensions. To this total 2 apprehensions have been added

Mr. Tolson to the reassignment of arrest numbers J-612 and J-613 making a total of 629 apprehensions recorded on the Arrest Registers as indicated above. In the event you have made additional apprehensions which have not been recorded on the weekly Arrest Registers forwarded to the Bureau, you should do so immediately or advise the Bureau in your next monthly report in the event the figures reported in your letter of February 3, 1943 are determined to be incorrect.

Mr. Rosen **COMMUNICATIONS SECTION** to the apprehensions enumerated above, the Arrest Registers of your office failed to record the apprehension of the following Japanese individuals as reflected by investigative reports from your office:

Mr. Hendon **FEB 27 1943 P.M.** Koichi Miyakara alias Koichi Miyakara - United States citizen - San Francisco file 100-10638.

Mr. McGuire **DEPARTMENT OF JUSTICE** Koichi Miyakara - alien - San Francisco file 100-10124.

Mr. Nease **2 MAR 1943**

- 2 -

Seisuke Kaneshima - alien - San Francisco file 100-12381.

Kumakichi Yoshida alias Meng Sun Beki - alien -
San Francisco file 100-12308.

You were requested to furnish appropriate information on the weekly Arrest Registers concerning the apprehension of the first 3 individuals listed above by Bureau letter dated November 27, 1942, and you are again requested to record the apprehension of these individuals and Kumakichi Yoshida on the next weekly Arrest Register submitted by your office.

Your letter of February 3, 1943 reports a total of 454 Italian individuals apprehended. In the future it is desired that you set out the number of United States citizens of Italian sympathies apprehended, which according to Bureau records is 5.

It is also desired that you set out the number of United States citizens of German sympathies apprehended which appear to be included in the total of 321 German individuals apprehended reported in your letter. You are informed that the Bureau records reflect a total of 6 United States citizens of German sympathies apprehended by your office.

You are requested to give the matters referred to in this letter your prompt attention and to make the necessary corrections on your next monthly report in order that the records of your office and the Bureau will be complete and accurate.

RE: FIELD DIVISION ARREST REGISTER--German

Dear Sir:

I am returning herewith the weekly Arrest Register for the week of December 20, 1942 to December 26, 1942, which you forwarded with your letter dated December 29, 1942, in the above captioned matter.

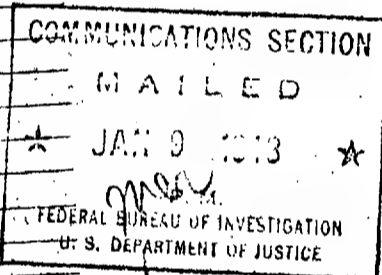

This register reflects the apprehension of Frank Charles Grau, arrest serial No. G-318, on December 21, 1942, and it further reflects that he was released by the Immigration and Naturalization Service on December 12, 1942, on the authority of the United States Attorney. The final disposition for this individual is shown as "interned". The register reflects no information with respect to Henry Schildhauer and Kurt Garlef Jarren, also listed on the register.

In view of these omissions and apparent errors on this register, you are requested to correct and return the enclosed register to the Bureau.
